

Boston 17 Feb. 1849

My dear Sir,

I have rec^d. yours of yesterday. I have not found any error in Sheet n^o. 10 Pl. Fend.

n^o. 11 I have not seen -

I now send two checks, for \$58.10 & for \$20. the latter payable, as you request, to the order of Rev^d. D. Anderson.

I rec^d. a letter some time since from Mr. Davis & encloses one from Dr. Hodge, in which he expresses a strong wish that I should invite Prof. W^m. H. Harvey of Trinity College, Dublin, to lecture before the Institute on Botany. I replied that I would think of it & make enquiry; that my impression was that Prof. Harvey had devoted himself nearly exclusively to the Cryptogamia - Do you know anything of his qualifications?

Yours

Very truly
